# ABOUT US

Pineut is the ultimate do-it-yourself (DIY) brand, offering thoughtful and surprising gifts that turn every occasion into a cherished moment. From **birthdays** to **v**, our products enable you to show genuine appreciation in the most creative and personal way.

## How it all started

Pineut began as a playful passion project of Femke and Marlies, two friends with a shared love for flavors, herbs, and spices. *“We wanted to turn simple ingredients into memorable moments of joy,”* says Marlies. What started as a bit of attic experimenting quickly blossomed into the leading DIY brand in the Netherlands. Today, Pineut isn't just a brand; it's a movement. Our team has grown, and so has our collection of creative, delicious DIY products. Every day, we continue to innovate, crafting the most exciting combinations that inspire connection and creativity.

## Our mission: creating impact through every bottle

We believe meaningful work is the foundation for a more independent and fulfilling life. Sadly, too many people are excluded from the workforce, deepening inequalities between rich and poor, developed and underdeveloped. With Pineut, we aim to make a tangible difference. Our products are made at sheltered workplaces by individuals with limited access to employment opportunities. With just a

little guidance, their untapped potential shines. Each Pineut product is crafted by these hands, transforming natural ingredients into a bottle or flask full of joy and purpose.

*“The beauty of our process is that it's more than just a product – it's a story of empowerment, opportunity, and impact,”* says Marlies.

One of our key production partners, **Stroomopwaarts**, is a testament to this mission. Their team brings our vision to life, blending flavors and packaging our signature DIY kits while creating meaningful, dignified work for everyone involved.
